Hand Held Scanners

Bar Code Scanners for Point of Sale(POS) Systems

InfoComm Solutions

Posiflex CD2860 POS Hand Held Barcode Scanner

CCD Contact technology, 80 mm reading aperture, 0-30 mm scanning distance, Auto discrimination, Manual trigger, Beeper & LED indicator, Easy replaceable cable, Includes Bench Stand, Interfaces Available: Keyboard Wedge PS2, Serial RS-232, USB. Colours: Beige or Charcoal. Warranty 12 mths

Posiflex CD3830 POS Hand Held Barcode Scanner

CCD Long Range technology, Wide reading aperture, 0-300 mm scanning distance, Auto discrimination, Manual trigger, Beeper & LED indicator, Easy replaceable cable, 1.7 metre drop tested, Includes Upright Hands Free Stand, Warranty 12 mths

Symbol LS2208 POS Laser Hand Held Barcode Scanner

Hands Free Laser Scanner, Multiple interfaces on-board, ensures flexible connectivity "future proofing", Up to 60 cm depth of field scan distance, 100 Scans per Sec, 650 nm visible laser diode, Bi-directional Scanning, Advanced Data Formatting, (RSS) (GTIN), Bright Led, Beeper with adjustable volume. Ergonomic Design, Weight 181g. Tested with 1.5 metre drops on to concrete. Flash memory to facilitate updates/customisation. Colours: Cash Register White or Twilight Black. Interfaces Available: Keyboard Wedge PS2, Serial RS-232, USB. Warranty 24 or 60 mths

Symbol LS4208 POS Laser Hand Held Barcode Scanner

Hand Held Multi Line Raster Pattern. Durable Construction Laser Scanner with "future proofing", Up to 50 cm depth of field scan distance, 200 Scans per Sec, 650 nm visible laser diode, Multi-Line aiming coverage at 25 cm. Motion Tolerance whilst scanning, Weight 146g. Tested with 1.8 metre drops on to concrete. Flash memory to facilitate updates/customisation. Immune to normal artificial indoor, and natural outdoor (direct) sunlight. Colours: Cash Register White or Twilight Black. Interfaces Available: Keyboard Wedge PS2, Serial RS-232, USB. Warranty 60 mths

Symbol DS-660XX Laser CCD Hand Held Barcode Scanner

Hand Held CCD Digital Scan Technology. Accurately read 1D and 2D codes. Omni-directional scan pattern enables scanning of bar codes from any angle. Rugged Design - tested with Multiple 1.8 m drops to concrete. Nominal Working Distance 2.5 cm to 35 cm. Print Contrast 25% minimum, 650 nm visible laser diode, Resolution 640 x 480, Operating Temperature 0° to 50° C, Humidity 5% to 95% relative, Immune to direct sunlight. Electrostatic Discharge protection. Colours: Cash Register White or Twilight Black. Interfaces Available: Keyboard Wedge PS2, Serial RS-232, USB. Warranty 24 mths.

Symbol "CYCLONE" M2000 Hand Held or Hands Free Barcode Scanner

Hand held or hands-free, 1D, 2D, Composite UCC/EAN & RSS barcode symbols. Bright visible laser diode. Advanced Data Formatting. Omni directional Scan Pattern, Raster Scan Pattern for 2D, a Semi Omni Scan Pattern and a High Density Single Line Scan Pattern. Scan pattern switches and mode indicator LEDs are top-mounted for easy viewing. Built-in adjustable stand. Colours: Cash Register White or Twilight Black. Interfaces Available: Keyboard Wedge PS2, Serial RS-232, USB. Warranty 36 mths.

Symbol LS-340X Laser Fuzzy Logic & Extended Range Barcode Scanner

Industrial scanner ideal for warehouses and manufacturing facilities. Sealed to IP65, 2 m drop rating on to concrete. Supports all barcode symbols. Two models: **Extended Range Scanner** – Flexible working range: 10 cm to 14.6 m and **Fuzzy Scanner** – fuzzy logic technology for fast and accurate reading of damaged, dirty and poorly printed one-dimensional (1D) bar codes at up to 2 m. Weight 350 gm, 650 nm visible laser diode, Scan Repetition: 36 SPS. Operating Temperature: -30° to 50° C Humidity: 5% to 95% relative, Immune to direct exposure to sunlight. Colour: Twilight Black/Yellow. Interfaces Available: Keyboard Wedge PS2, Serial RS-232, USB. Warranty 36 mths.

SYMBOL LS4278 Cordless Barcode Scanner

Symbol's cordless LS4278 provides superior bar code scanning in a durable future-proof device that delivers outstanding total cost of ownership. Workers can move within a 50 ft./15 m radius to scan items — and the elimination of hazardous cables creating a safer work environment. Cashiers can move around the register to scan large, heavy items and check for missed items. Healthcare workers can double check that the right patient is receiving the right medication. Integrated Bluetooth wireless personal area networking (WPAN) provides reliable and secure wireless transmission of data between the scanner and your host. Productivity is improved, revenues are protected and potential liability due to injury from lifting heavy objects is reduced.

Immune to normal artificial indoor and natural outdoor (direct sunlight) lighting conditions; Multiple drop tested 1.5 m on concrete; Weight: Scanner: ~238 g; Cradle: ~183 g; Colour: Cash Register White or Twilight Black; Light Source: 650 nm laser diode; Decode Rate: 200 decodes per sec, Radio Range: Minimum 10 m; typical warehouse environment 15 m; Interfaces Available in cradle : Keyboard Wedge PS2, Serial RS-232, USB; Warranty 36 mths

Symbol LS3478 Industrial Bluetooth Cordless Barcode Scanner

Ideal for Industrial environments, warehouses and manufacturing facilities. Bluetooth class 1 (2.4 GHz), Class 2, 100 meters direct line of sight. Battery: 2200 mAh Lithium Ion Battery Battery charge time: Fully charged in 3 hours. Sealed to IP65, Drop rating 2 m drops to concrete. Supports all barcode symbologies. Weight 350 gm, Light Source: 650 nm visible laser diode, Scan Repetition: 36 SPS. Colours: Cash Register White or Twilight Black. Interfaces Available: Keyboard Wedge PS2, Serial RS-232, USB. Warranty 60 mths. Two models:

Extended Range Scanner – Flexible working range: 10 cm to 14.6 m
Fuzzy Scanner – features fuzzy logic technology for fast and accurate reading of damaged, dirty and poorly printed one-dimensional (1D) bar codes and reads up to 2 m.

Symbol LS-9203 Omni Directional Bench Top Barcode Scanner

An easy to use, deploy and maintain, omni-directional presentation scanner that allows you to seamlessly integrate advanced data capture into your point-of-sale (POS) environment at an affordable price. Designed to speed the checkout process for customers and improve sales tracking and inventory management. The LS9203's high-performance handheld and presentation scanning capability enables your employees to work faster and more accurately. Its durable construction protects it from the shocks of heavy use, extending the life of your investment.

Scan patterns: Omni-directional, 20 interlocking lines; Scan rate 1500 scans/second; Nominal Working Distance 0 cm to 21.6 cm @ 13 mil (100% UPC/EAN). Print Contrast 25% minimum, 650 nm visible laser diode; Operating Temperature 0° to 40° C, Humidity 5% to 95% relative, Immune to direct sunlight. Colour: Twilight Black. Interfaces Available: Keyboard Wedge PS2, Serial RS-232, USB. Warranty 24 mths.

Symbol LS9208 Omni Directional Bench Top Barcode Scanner

A high-performance 100-line rastering omni-directional scan pattern and single line scan capability. Built in shock absorption. The LS 9208 features a small footprint and an adjustable multi-mount stand that adapts easily to many point-of-sale environments. Scan patterns: Omni-directional, 20 interlocking lines, 5 scan angles, 4 lines per angle, rastering @ 5Hz, Single scan line capability; Scan rate 1500 scans/second; Nominal Working Distance 0 cm to 22.9 cm @ 13 mil (100% UPC/EAN). Print Contrast 25% minimum, 650 nm visible laser diode; Operating Temperature 0° to 40° C, Humidity 5% to 95% relative, Immune to direct sunlight. Drop Tested to 1.2 m on to concrete; Colours: Cash Register White or Twilight Black. Interfaces Available: Keyboard Wedge PS2, Serial RS-232, USB. Warranty 30 mths.

Symbol LS-7708 Omni Directional Mini Slot Barcode Scanner

The LS7708 offers next-generation technology to accelerate scanning and point-of-sale throughput, helping you improve customer satisfaction rates. Available for presentation or swipe scanning, the LS7708 features a secondary scanner port enabling you to connect a handheld scanner for scanning heavy or cumbersome items. It also has the most dense scan pattern of any mini-slot on the market for higher first-pass read rates. Scan patterns: Omni-directional, 24/120 scan lines; Scan rate 2400 scans/second; Working Distance 0 cm to 24.5 cm @ 13 mil. Print Contrast 25% minimum, 650 nm visible laser diode; Operating Temperature 0° to 40° C, Humidity 5% to 95% relative, Immune to direct sunlight. Colour: Twilight Black. Interfaces Available: Keyboard Wedge PS2, Serial RS-232, USB. Warranty 24 mths.
